USER MANUAL

AGRIMATE®

Maximum **Power** - Super **Economy**

HTP POWER SPRAYER WITH ENGINE
AM-21K WITH AM-152 ENGINE

Before Operating this machine please read instructions Manual carefully

Desclaimer: Due to Constatnt upgradation, features & Specifications are subject to change without prio notice

Dear Sir/Madam,

Thank you for choosing Agrimate product. You are the proud owner of high technology and durable machine. Trust that our franchisee/dealer installed the product and explained you about the usage and service instructions. Please visit our authorised dealer for you future requirement of our other equipments, genuine spares, accessories and service. Service coupons are attached with this manual and you can avail free service.

About Ratnagiri

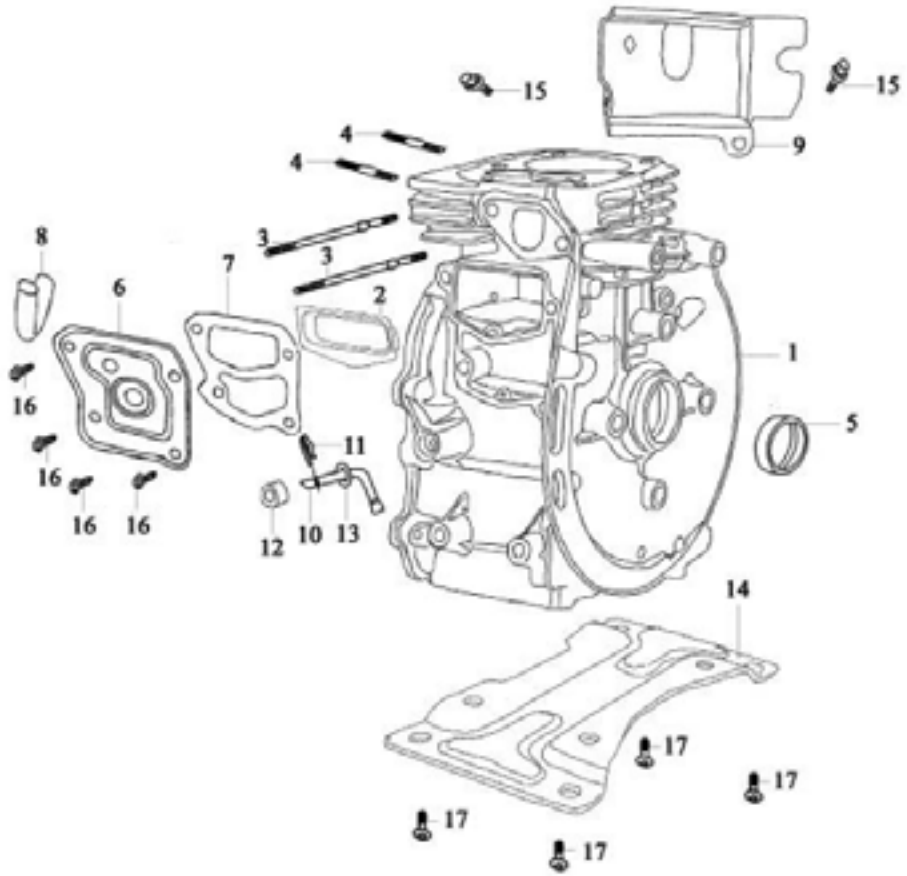

We import and market of high quality of agriculture wide range of equipment's Which we are selling through our authorized franchisee or dealer network. We are in this field from past 20 years serving the former community. For further details, you may please visit our website **www.agrimart.in**

TECHNICAL SPEFICATIONS

Model	**AM-21K WITH 152eNGINE**
Engine	**AM-152E**
Type	**Single-cylinder, 4-stroke, OHV air-forced cooling**
Start	**Recoil**
Displacement (CC)	**98CC**
Max. Power KW(HP)/RPM	**2.2KW/3.0HP/3600RPM**
Fuel Tank Capacity	**1.3LTR**
Oil Capacity	**0.3LTR**
Net Weight KG	**8.5**
Gross Weight KG	**10**

DOS & DONTS

1. Always read the instruction manual supplied along with the equipments and understand the correct installation and operating procedures before attempting to use the equipments.

2. It is important to use the personal protection equipments such as head helmet with visor, ear defenders, goggles, safety gloves, cut resistant shoes, trousers and jackets while operating potentially dangerous machines

3. Avoid untrained persons using the equipments. Children must not be allowed to handle these equipments

4. Always use genuine spares and accessories in repairs and usage to derive maximum life of the equipments.

5. Always keep the equipments in good working condition to minimize loss of output as well as to reduce the pollution and save the environment

6.Do not use the machine within range of persons unless they wear protective clothing

7. Do not operate the machine when fatigued or under the influence of alcohol or drugs

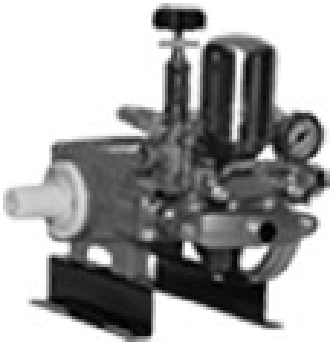

8. When the machine is running, please maintain a constant water supply. Without water circulation will damage the sealing rings of the machine.
