COMPANY PROFILE

An initiative of Annapurna Group

"India lives in its villages"

- Mahatma Gandhi

OUR MISSION

To equip Indian Growers and Gardeners with the Latest Technology and Equipments to make them competent in this competitive world

At Ratnagiri Impex, we aim to help millions, especially farmers with small holdings in the heart of rural India by introducing single person operated equipments, which will augment productivity, eliminate labour dependence and delight the Indian farmer with greater returns.

We passionately believe that mechanization of Agriculture, Horticulture, Sericulture, Plantation, Forestry and Health Care is the way forward to develop the rural economy of India.

SERVICE AND TRAINING

To provide the very best in service, we have adopted the latest testing procedures. Our dedicated and technically qualified engineers are trained personally by our principals. This makes customer delight a reality at Ratnagiri Impex.

Our Service department is headquartered in Bangalore. We regularly conduct intensive training for all our service personnel and also conduct periodic free service camps throughout the country. This ensures the best standards in the quality of our services.

"Be the change you want to see in the world"

- Mahatma Gandhi

CORPORATE SOCIAL RESPONSIBILITY

As a responsible corporate citizen, we believe it's our duty to contribute to the growth and welfare of our society and nation.

Ratnagiri Impex is actively involved in philanthropic activities such as Operation assistance to Polio afflicted individuals, Scholarships for Education, provision of mid-day Meals and Book Bank facilities among many others.

ABOUT US

Our Origin

Since the inception of Ratnagiri Impex in the year 2000, we have striven towards the attainment of technical excellence by importing the latest machinery, outdoor power tools and equipment from the best companies across the world. We have also established our own Agrimate and Agrimart brands. We are an ISO 9001:2008 certified company and we look to engage with principals who have the same credentials.

Agrimart is the ultimate Green Care & Farm Equipments shopping destination that houses various models of outdoor portable power equipments for different segments.

'AGRIMATE' is our very own private label range of pest control equipments. Agrimate range of equipments is available through our network of dealers and Agrimart outlets spread across India.

Our International Associations

We are proud to be associated with globally acclaimed companies such as Emak-S.P.A, Oleo-Mac, Comet, Unigreen, Tecomec of Yama Group – Italy, Coima, Guliver – Italy, Alrite – South Africa, Tsumara - Japan, Yungchi - Taiwan, Dorian Drake - USA and other leading brands that supply farm & garden machineries and pest control equipments.

Our Network

Over 400 Authorized Dealers and Service Providers spread throughout the country, make it possible to help us deliver excellent Sales and After Sales Service.

Our network is further strengthened by our efficient supply chain and warehouse activities. We also actively engage in training our business associates in preventive maintenance and repairs. Above all, our network has the capability to attend to any service call across the length and breadth of our country in a short span of time.

Spreading Our Wings

As a part of our diversification plans, we have ventured towards helping the global cause of eco friendliness by investing in Wind Energy.

We are also actively creating more opportunities in Plantation, Trading and Real Estate.
