H SERIES PETROL ENGINE CHAINSAW

ITALY-GERMANY-USA

Oleo-Mac®

our **power**, your **passion**

Nylon filter: the large filtration surface increases working time between filter cleaning operations.

EasyOn: reduced kick-back easy starting system.

Lateral chain tensioner: simplifies tension adjustments while avoiding all risks of contact with the chain.

Adjustable aluminium oil pump: facilitates the operator's job by allowing the oil feed to be adjusted to suit the workload on the machine and the bar/chain combination. Zero oil flow with the engine at idling speed ensures lower consumption and reduced environmental impact.
