TELESCOPIC PRUNER

Oleo-Mac
our **power**, your **passion**

Piston with 2 rings, nickel-plated diecast cylinder, forged connecting rod and crankshaft: all features guaranteed to make the engine extremely rugged and durable.

Straightforward pruner fixing system: with 5 alternative cutting positions (from 0° to 90°) for maximum visibility of the operating area and greater precision (**PPX 271**).

AlwaysOn switch: rapid engine stopping and, thanks to the autoreset function, always ready to restart.

Aluminium clutch housing and cover: optimised and reduced weight of the machine while imparting high strength and lasting reliability.

PPX 270 TELESCOPIC POLE PRUNER
